WELCOME FLOWER & PLANT LOVERS COLLECTION 2023 @EMERALD

NEWS WE'RE EXCITED TO SHARE WITH YOU!

A new year, a new collection and a brand-new headquarters! It's an understatement to say the least that 2023 promises to be a milestone year for us, and I really am beyond proud of everyone in our team who helped make this dream come true.

When we started Emerald in 1994, we had a simple mission - to make the world a happier and more colourful place with artificial flowers and plants that look just like the real thing. We could never have imagined that we would be serving so many partners around the world and to be welcoming them in such a unique, energy-neutral headquarters.

Our new 11,000 m² home will enable our team to dream even bigger, showcasing our striking portfolio in a beautiful and inspiring setting, including our year-round and seasonal collections.

Each and every one of our collections is created with the utmost care and expertise by our team. Our year-round collection is directly available from stock, and we present a new seasonal collection twice a year based on the most exciting upcoming trends.

I hope you enjoy exploring the items from our complete year-round collection for 2023 in this catalogue. And that you are inspired to make the world a happier and more colourful place too!

Warm regards,
Hans van de Kerkhof
Owner and director at Emerald

ABOUT EMERALD

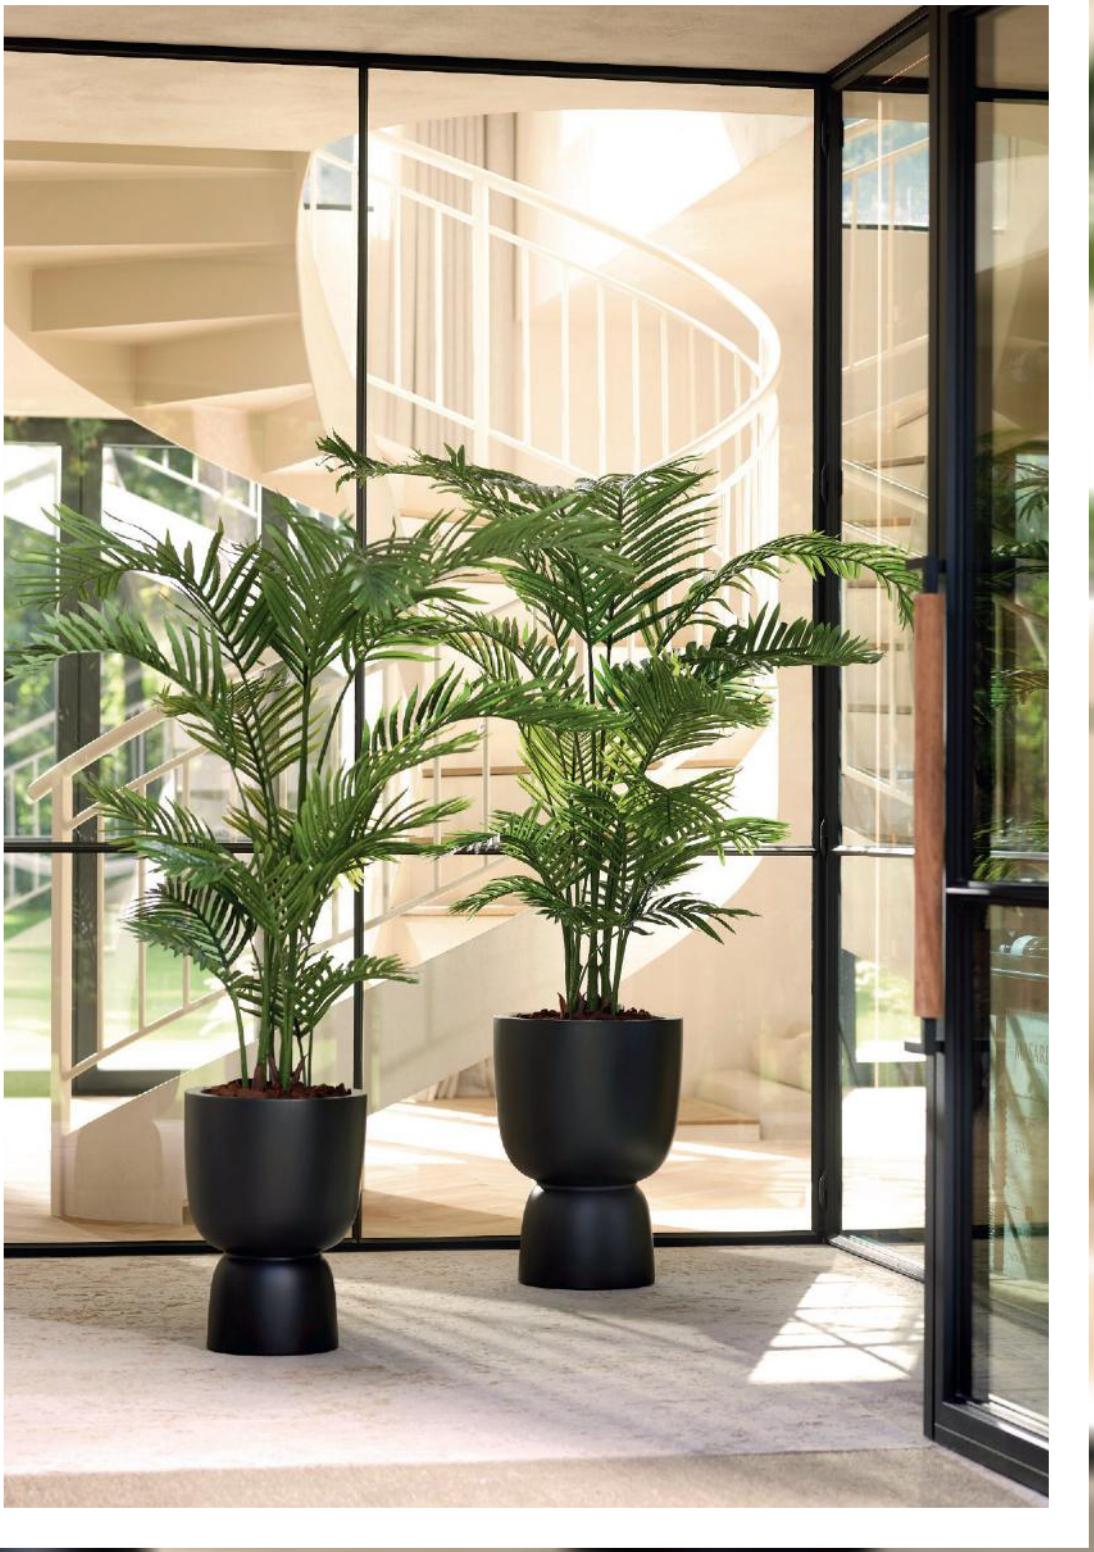

Emerald Eternal Green was born in 1994 when our founder, florist Hans van de Kerkhof, was inspired by the potential of the highest-quality artificial flowers and plants. Initially run from his very own garage, the company soon began to grow, serving a growing number of customers across the Netherlands, then Europe, and then the world.

Today we're a truly international family business, and with Hans's son and daughter, Joël and Chloë van de Kerkhof, joining the company, the Emerald team is now made up of more than 30 passionate and dedicated colleagues.

Our new energy-neutral headquarters has a stunning 2,000 m² showroom, a dedicated 1,000 m² office space, and a 8,500 m² warehouse. What's more, from our restaurant to our entrance every single detail has been designed to inspire visitors and give them the ultimate Emerald experience.

We're proud of our team and proud of our mission to make the world a happier and more colourful place. We do this together by focusing on our four shared core values: people, partners, products and productivity. Four simple principles that define and drive all that we do.

We feel privileged to have such loyal customers, and an unparalleled network of suppliers, agents and partners that enable us to share our extensive collections and innovative creations with the world.

LET'S MEET

WE ARE HAPPY TO WELCOME YOU

We love showcasing our beautiful collections of artificial flowers and plants to customers from across the world. And there's no better place to do just that than at our stunning and spacious 2,000 m² showroom in Eindhoven.

Our showroom is divided into two different floors. On the first floor you will find our extensive year-round collection, which is directly available from stock. On the second floor we display our seasonal collections, which are a year ahead of the latest trends.

Fear not if you build up an appetite while choosing your next collections! You're welcome to enjoy a gastronomic delight in our very own restaurant.

What's more, if you can't visit us in person, we would be delighted to give you a virtual tour online!

FLOWERS

What makes our silk flowers collection so unique are the intricate and true-to-life details. From the natural colour gradients to real-touch finishes, we've thought of every single detail. This makes them indistinguishable from the real thing, whether in a bunch, combined in a bouquet, or as part of a decorative arrangement. Best of all, they don't require any care, and remain bright and beautiful throughout the year.

BOUQUETS

Bouquets are the perfect gift for every occasion! Our collection consists of a host of bouquets containing a beautiful array of flowers perfectly aligned with the interior trends of today. Our silk flower bouquets are designed and assembled by expert florists in the Netherlands. What's more, each and every bouquet is delivered in a special stylish box.

LEAVES & BRANCHES

Creating leaves & branches so realistic that you can't tell them apart from the real thing is all about the small and subtle natural details, from the veins in the leaves to the natural colour gradient. Our leaves & branches are perfect to use as a statement piece in a tall vase. Or use them in a bouquet or decorative flower arrangement to provide that special natural touch.

GREEN PLANTS

Green plants are completely on-trend in every interior, in every setting, in every season. Don’t have green fingers? No problem! Our carefully assembled collection requires zero maintenance, and will stay vibrant and green throughout the year. And as they don’t require any light, they are a perfect fit in any room.

GREEN PLANTS IN POT

There's something in our collection of green plants for every setting. Whether it's your bathroom or office space, every room deserves a green touch. Nearly all our plants are assembled by hand in our value-added department in the Netherlands and created with the finest details in mind. The result? They are indistinguishable from the real thing!

FLOWERING PLANTS

We’re proud to create the most realistic and lifelike plants possible. And that stunning natural appearance is not achieved by chance. We only stock the highest quality products, and our flowering plants are potted by our very own value-added team in the Netherlands. This enables us to guarantee the very highest quality so that they look great in any interior.

HANGING PLANTS

Hanging plants are most definitely in vogue at the moment in the plant world! That's why we've developed a special range of hanging plants that look and feel just like the real thing. Our hanging plants have been designed and developed down to the very finest detail, and don't require any care. Best of all, you can create your own veritable urban jungle by combining different hanging plants. A world of green with no green fingers required.

TREES & BIG PLANTS

We're proud to be recognised as an expert in the field of artificial trees and large plants. As we source our products in the Far East, we're always able to deliver exceptional quality. Just one of our large artificial plants can make a huge difference, brightening up an entire interior. And our artificial trees don't require any care and stay beautiful all year round, making them a great investment for any interior.

THE BEAUTY OF THE SEASONS

We capture the beauty of the seasons in our two seasonal collections in which we translate the most vivid and vibrant upcoming trends. Our showroom doors open in December for our Autumn-Winter collection, and in June with our Spring-Summer collection.

The result? A unique and striking new range of artificial plants and flowers that are perfectly in sync with the changing seasons.

Contact us to book your showroom visit to see our latest collections on display!

KEEP IN TOUCH

WE ARE HAPPY TO ASSIST

Whatever your question or query, we're always are happy to assist.

Looking for more information about our collections, want to book a visit to our showroom, or simply need to know something about your order? Then don't hesitate to ask! One of our flower and plant specialists will be delighted to help.
